THREE FREE STEPS, THEN ONE FEE

The whole route, on one page.

Nobody can guarantee a job – the market decides. The international fee is USD 600, paid once at step 07, and a 30-day money-back guarantee covers you for any reason. There is no placement fee.

WHY THIS SYLLABUS IS DIFFERENT

It was not written. It was **reverse-engineered**.

50/day

Real interviews monitored by our AI

~90%

Of interview questions come from our material

98%

Of candidates who attend interviews get placed

Based on BrowseJobs internal data. Historical figures – not a promise of individual outcome. Hiring depends on the live market and your performance.

ISSUED IN WRITING, NOT PRINTED HERE

This month's syllabus, handed to you at counselling.

Every module is rebuilt monthly from monitored interviews.
Printing a list here would date it — so you get the current one,
in writing, on the call.

DURATION

6 months, live online

CAREER SERVICES

SIX MARKETS, ONE COHORT

Live online, wherever you are.

The programme does not change when it crosses a border.
What changes is the clock you attend it on.

SAME SYLLABUS

Rebuilt monthly from monitored interviews. Nobody gets an older version because of where they live.

SAME MENTORS

The trainers teaching the India cohort are the ones teaching yours.

SAME ASSESSMENTS

Video proctored, graded on the same rubric, and the record goes to employers as-is.

HOW THE TIMING WORKS

Live sessions run on India Standard Time and **every one of them is recorded**. You watch on your own clock and bring your questions to the next live call. Nothing is gated behind attending at 3am.

Your **1:1 mentoring is booked to your timezone**, not ours. So are your mock interviews.

WHAT IT COSTS, AND IN WHAT

USD 600, once. Card or bank transfer. No placement fee, no percentage of your salary, no second invoice.

The **first three steps cost nothing** — counselling, masterclass and a seven-hour bootcamp. You only pay if you decide to enrol after all three.

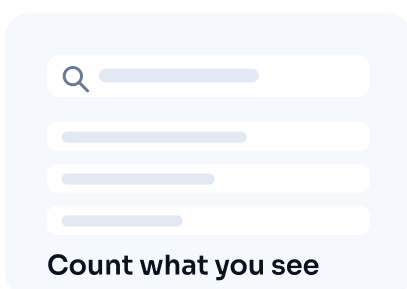

Everything is taught and assessed in **English**.

Nobody can guarantee a job — the market decides, and it decides differently in each of these six markets. What we put in writing is the training, the assessment and the introductions.

DON'T TRUST US

Verify us. Fifteen minutes.

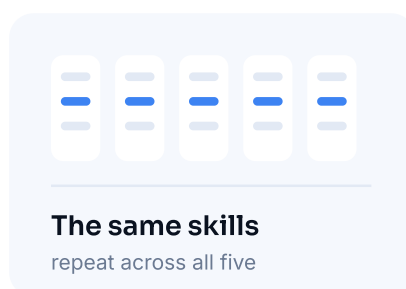

Hold every institute in the market to the same three checks — this one included.

01 • 5 min

Count the demand

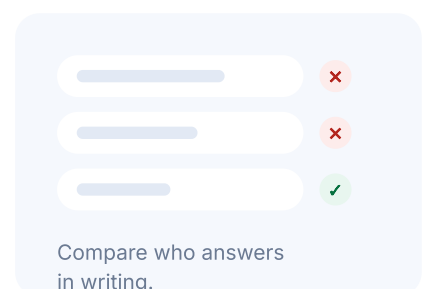

Open LinkedIn Jobs → search the role + your city → filter "Past week" → count the postings. If hiring is real, you'll see it in the numbers before you believe anything we say.

02 • 5 min

Read 5 job descriptions

Note the skills that repeat. Then compare them against any institute's syllabus — ours included. A syllabus that doesn't match live JDs is preparing you for the wrong exam.

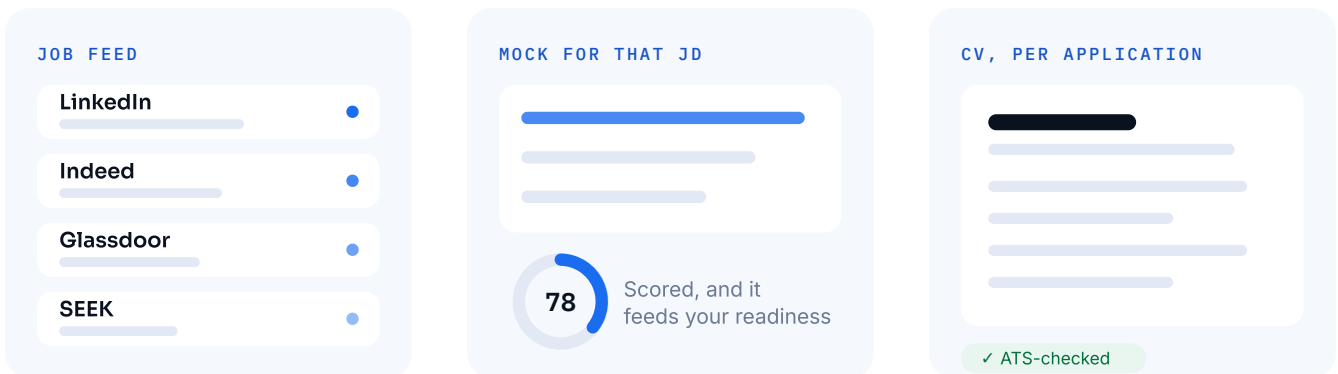

03 • 5 min

Pressure-test everyone

Ask every institute: will you put every promise in writing? Is your success rate defined clearly? Do you guarantee a job? Compare the answers.

HALF THE COURSE IS GETTING YOU SEEN

The jobs, the practice and the CV live in one account.

01 · LinkedIn, done right

Profile rebuilt for your market

Your CV and LinkedIn rewritten by our team for the market you are applying into — not left to you to guess at.

02 · Employers in your region

Introduced where you are

Employers hiring in your region receive you through the BrowseJobs employer platform, with your report attached.

03 · Your evidence travels

Scores, not claims

Every introduction carries your proctored assessment record — how you scored, and how the session ran.

WHERE THE COURSE ENDS AND HIRING STARTS

Offer

Rounds, offer, hired

Employers hire here through a workspace of their own. A candidate who trained with us does not arrive as a CV in a pile — they arrive with a score, the answers behind it, and a recorded session an employer can audit.

WHAT THE EMPLOYER CAN CHECK

Your assessments are video proctored and the integrity record travels with your profile. An employer sees how you scored and how the session ran, not a claim on a CV.
